

Taporup Boliar

WEB DESIGNER

Projects

Carson Motors - a company brand identity creation

🕒 3months

It's a team project during 24fps all India event at Maac.we did the all the **graphic design** work for **brand identity** creation along with a full **responsive,interactive** website using **HTML,CSS &Javascript**.

Travago - a travel company's UI & Responsive website

🕒 1.5months

This project is all about a **youth centered** website and app's **front end** creation with **mobile app interface**.

Simple calculator - it is a simple JavaScript project

🕒 1 month

For gathering deep knowledge in **JavaScript**, I used Basic JavaScript concept in this project. which gives me a strong foundation in development journey .
